

The

LAPLINE

March 2014

Newsletter of The North Shore Rockhounds Club (Inc.)

This is a sample copy of our Newsletter only.

All members of our club receive a copy of our magazine each month.

It usually contains 8 to 12 pages depending on the content and has news items about our own clubs activities, plus information on what other clubs are doing.

There are items on all aspects of the Earth Science as well as other educational items of interest.

The Newsletter is posted or emailed to our members.

A list of the club committee members and office holders is shown also.

It often contains photos of various activities and is in colour where appropriate.

The Club Workshop.
